LAMINATE WITH SAFEGUARD™ WORK SURFACES

LAMINATE WITH SAFEGUARD

Choose from a broad range of colors, textures and patterns. We supply laminates from all the major manufacturers. The high-pressure laminate is bonded to a 1-1/8" thick MDF core for strength and the work surface is finished with our durable Safeguard Edge.

LAMINATE WITH SAFEGUARD FEATURES

- Durable high-pressure plastic laminate surface
- Available in a wide variety of colors and patterns
- Optional textures and gloss levels available
- Laminate is bonded to 1-1 /8" thick MDF core
- Easy to clean and maintain
- Safeguard Edge provides exceptional durability

LAMINATE WITH SAFEGUARD

ENDURANCE PLUS™ WORK SURFACES

ENDURANCE PLUS

Through a proprietary process, we insert a continuous protective bumper material in the front edge of the work surface. This protective bumper significantly increases the durability of the work surface, which is often subject to heavy physical stress in 24/7 control room environments.

ENDURANCE PLUS FEATURES

- Continuous protective bumper inserted in the front edge for improved durability
- Ability to produce multidimensional profiles for comfortable edges and aesthetics
- Easily conforms to three-dimensional surfaces
- Easy to clean with soap and water
- Reduces visible seams
- Broad range of colors

ENDURANCE PLUS WORK SURFACE

COMFORT EDGE™ WORK SURFACES

COMFORT EDGE

Our urethane Comfort Edge work surface offers the ultimate in flexibility and durability. The urethane edge is molded to 1-1/8" laminated medium density fiberboard and is available in a wide variety of colors. The Comfort Edge work surface features a smooth, contoured profile to improve operator comfort and maximize productivity.

COMFORT EDGE FEATURES

- Permanently bonded urethane creates a long-lasting, water-tight seam with a smooth finish
- Ergonomic profile provides comfort and reduces the risk of injury due to sharp edges
- Antibacterial and antifungal additives promote a healthy work environment
- UV resistant urethane will not change color or deteriorate overtime
- Suitable for the most demanding 24-7 control room operations
- Available with laminate or Marmoleum surface

CORIAN™ WORK SURFACES

CORIAN

Corian work surfaces are durable and feature an attractive, seamless appearance. The solid colors penetrate through the entire thickness of the material so blemishes are easily repaired. The smooth, nonporous finish is hygienic and easy to clean, while being resistant to liquids and heat.

CORIAN FEATURES

- Whatever the spill, Corian is easy to clean and stain resistant because liquid cannot penetrate the surface
- Corian's durability and renewability with common abrasive cleaners reduces the need for replacement, which makes Corian inherently environmentally friendly
- Joints are unobtrusive and impermeable with a seamless appearance
- Colors and patterns penetrate through the surface and cannot wear away
- Corian is inert, nontoxic, chemically unreactive, hypoallergenic and fire resistant
- Advanced blend of natural minerals and acrylic polymer
- Corian's nonporous surface is very hygienic

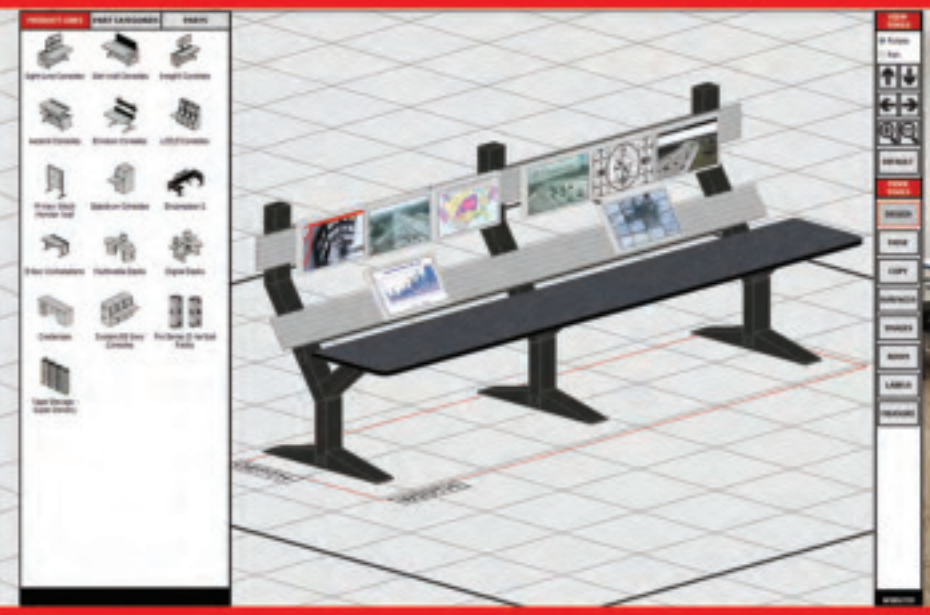
WELS™4 WINSTED EQUIPMENT LAYOUT SOFTWARE



THE **MOST ADVANCED** CONSOLE DESIGN SOFTWARE IS HERE!

WELS IS A WINSTED-EXCLUSIVE CONSOLE DESIGN SOFTWARE TOOL THAT MAKES CONTROL ROOM DESIGN AND LAYOUT FAST, EASY, ACCURATE AND FUN!

This interactive, user-friendly, 3D console design software program lets you use Winsted consoles and furniture to quickly design control room solutions that meet your needs. WELS is easy to use - and requires no additional design/CAD software to operate.

WELS4 FEATURES:

- WELS 4 is a FREE Winsted-exclusive tool. With it you can design your control room with any of our Consoles and Desks, Vertical Racks, M-View Monitor Walls and Conference Room Tables.
- On-screen toolbars and windows allow quick selection of products and accessories.
- Built-in control room designer lets you create a room to match your exact floor plan.
- Generate part lists and design specification sheets.
- Place multiple consoles and command centers anywhere in the room.
- Change the color of the work surface and side panels to show how the console will look in your room.
- Smart design programming helps you place parts where they belong.
- Accessorize designs with monitors, LCDs, DVD players, keyboards, blank panels, doors and more.
- WELS 4 is a true 3D design program. You can view your designs from any vertical or horizontal angle.
- WELS is a stand-alone program requiring no additional software.
- Export your design to DWG or DXF to import into your CAD program or export to JPEG format to use in presentations and design discussions.

WELS4 SYSTEM REQUIREMENTS:

Operating System: Microsoft Windows - Windows XP - or newer
