

VISTACOM SecureView™

All-in-One, Pre-Configured Command Center Kit

The most straightforward and intuitive of its kind, Vistacom SecureView™ is a highly affordable, pre-engineered video wall and display solution. It's an easy-to-implement, reliable visualization solution that enhances situation awareness for a more intelligent security posture.

Visualize with Ease

Vistacom SecureView™ provides operators with a single-pane-of-glass view of operations across their infrastructure and enables the seamless assimilation of data feeds while creating a more simplified workflow.

Right Out of the Box

It makes easy self-assembly a reality for small and medium operations centers with best-in-class products, expert remote support and a number of factory-tested configurations to choose from.

Complete Command Center Kit

We conveniently package Vistacom SecureView™ with an easy-to-follow guide and video that effectively enable DIY installation by security integrators and/or end-users. All technology components are pre-configured and tested by our Control Room Solutions technicians at our factory prior to shipping.

Product Configurator

Choose your display configuration:

- Single 98" 4K | Dual 75" 4K | 2x2 55" HD | 3x2 55" HD
